## From Your President

**Oliver Williams;** A couple weeks ago Oliver had a very serious surgery to remove tumors on his brain.

Following is an e-mail I received from him. Hello Carroll, This is a note from Oliver, informing everyone that the removal of two tumors from my cerebellum was by all means successful. All the glory in this situation belongs to God. Again, please inform everyone that I really appreciate them for all the unwavering support during the last few years of my life.

**Work Spring Shows?** If you haven't got on the list to work a Spring show call Tom Brown at 734-289-3326.

**New Website;** We have a new \$1,400 web site that's supposed to be beautiful and easy to get into. I asked the guy that investigated and pushed for the new site how to get to it and he said just huronvallysc. That sounded simple enough for me and I typed in huronvalleysc and found two huronvalleysc web sites but not ours – so simple. Where do I go now?

I was president in 1991 and 1992 when we were not big time but had a lot of members. Now we're big time and not so many members. My first two terms were much easier than the last two. I just turned 88, maybe that's the reason.
